Fran Gotcsik Recognized for Dedicated Service

In December 2003 Fran Gotcsik assumed the position of Conservation Director with Parks & Trails New York, formerly New York Parks and Conservation Association. In 1991 this same not-for-profit organization hired Fran to co-lead an effort to determine local interest in a major multi-use trail and to facilitate the creation of what we now know as the Genesee Valley Greenway. She served as Local Coordinator from 1991 to 1994, directed the formation of the Friends of the Genesee Valley Greenway in 1994, served as an officer of the Friends and assumed the position of Executive Director in December 1996. Joan Schumaker, charter FOGVG member and current treasurer, noted that "Fran's early involvement in the creation of the Genesee Valley Greenway and her outstanding dedication to this project and to the Friends of the

Genesee Valley Greenway have been invaluable. "

On May 22nd Fran was honored by many friends and co-workers at a banquet at the Genesee River Restaurant in Mount Morris. Tony D'Imperio, Friends member and local reporter, recorded the following: "Speaker after speaker praised Fran's effectiveness in her efforts that created 'miles of trail now open for

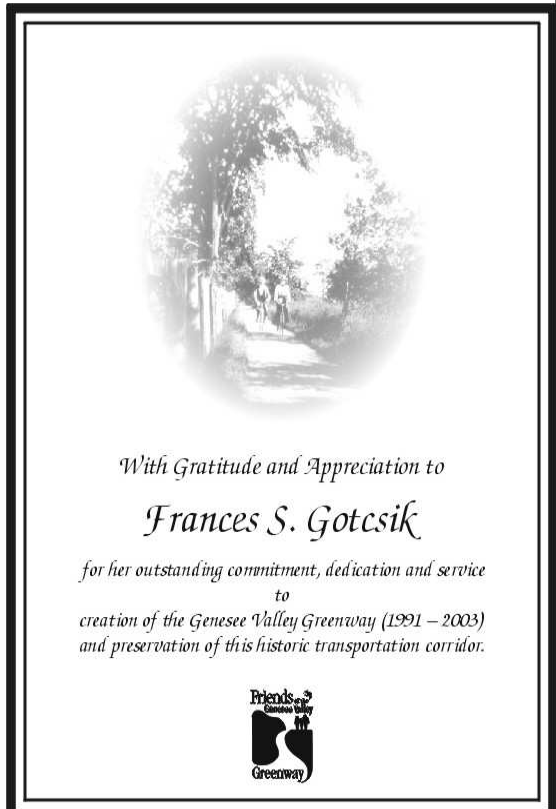

public use and enjoyment.' Active Greenway member, Irene Szabo, about Fran: 'She is one of those very few people who become obsessed [about an idea]; who become so enthused they want to share. Fran is one of those people who grabs opportunity; that's what makes me really value her.'

Letters were read [including one from OPRHP Commissioner Bernadette Castro], which commended Fran's 'leadership, guidance, persistence and superb organizational skills.' "

Other speakers included Ned Holmes, FOGVG president and Henry McCartney, FOGVG member and Executive Director of The Landmark Society of Western New York. An active historic preservationist, Fran has served as President of the Landmark Society and currently serves on its Board of Directors.

Fran included the Genesee Valley Greenway corridor in her preservation efforts, always pointing out the historic features of the Genesee Valley Canal and subsequent Pennsylvania Railroad, Rochester Branch.

This plaque along with framed photos and prints of scenes from the Genesee Valley Greenway and the Genesee Valley Canal were gifts to Fran at the banquet.
SHE IS MISSED!

What's Happening on the Trail

Special thanks to the NYSDEC Operations Crew for mowing around trail head gates and mowing the trail. Two mowings have been completed.

Chili: A new trail section connecting Little Black Creek Park with Genesee Junction is taking shape. Most of the construction is taking place on the west side of Scottsville Road from Little Black Creek to just south of the CSX Railroad. The trail will then proceed west in the field south of the railroad over to Genesee Junction. The underground drainage structure is complete and the north portion (south of Little Black Creek) has been landscaped. Fill material will be used to finish grade adjustments and the ramp down from Scottsville Road. Expectations are that the trail will be functional between Little Black Creek and Genesee Junction before winter. This new trail is necessary since active rail line still exists in this location.

Route 253 Intersection: DOT reports this project is all but finished and the highway has been reopened. The trail remained open during this project.

Lehigh Valley Trail: We have received reports that the bridge over the Genesee River at Wadsworth Junction is complete, forming a connection between the Lehigh Valley Trail and the Greenway.

Trail at RTE. 20: The DEC Operations crew has repaved the trail north of route 20 and has used the excess material to reshape the trail south of 20.

Browns Creek Culvert: Work on relining and stabilizing the culvert has commenced. The new liner has been delivered and sandbagging is in progress. Trail traffic is maintained and completion is expected this fall. The

contractor is C. P. Ward.

Culvert at York Landing: Due to erosion, the bank on the down stream side of the large culvert just south of York Landing was re-shored and reshaped by the DEC Operations Crew.

NYS DOT's RTE. 36 and RTE. 408 Project - Mt. Morris: Preliminary preparations for the highway work have begun. The bridge work (GVG trail bridge and Rte.36 bridge) awaits future determinations regarding schedules and available resources.

TEA-21 work has begun on the Allegany County portion of the Greenway. The Region 9 Greenway crew began work on June 1: Eric Blitz, Roy Hale, Josh Nickerson and Chris Brunetto. All four are graduates of the Belmont BOCES center. Eric, Roy and Josh have certificates in Conservation and Heavy Equipment, while Chris has a certificate in Building Trades.

Genesee Falls: The DEC Region 9 crew used an excavator to clean a section of the canal prism that had silted in, causing water to flow over the trail and into an adjacent farmer's field. The crew also repaired a railroad-era culvert that had separated and developed a large sinkhole. These projects were also of benefit to the Finger Lakes Trail / North Country Scenic Trail, which follows that section of the Greenway.

Hume: The DEC Region 9 crew cleared the ends of a railroad-era stone box culvert that was plugged and causing occasional flooding upstream. They installed "Motorized Vehicles Prohibited" signs at several road

continued on page 8

Of Special Note:

- The Greenway is closed between Creek and Pentagass Roads in Nunda (area of Mile 45) until property ownership issues are resolved.

fogvg@frontiernet.net

The unlawful use of motor vehicles, especially ATV's, is prohibited on the Genesee Valley Greenway.

Help spread the word to those who may not be aware.

If it has a motor and isn't a snowmobile, it CANNOT BE RIDDEN on the Genesee Valley Greenway.

See a problem on the Greenway? Let Enforcement Officers Know!

Greenway law enforcement is provided by State Park Police and State DEC Environmental Conservation Officers and Forest Rangers, working together and with state and local police forces. These officers are eager to address any issues or concerns, but cannot do so without the public's help. According to DEC Environmental Conservation Officer Lieutenant Peter Barton, "If

you have specific problems, let us know. Then we'll detail patrols to address them."

The more information that can be supplied to the officers, the better they can be in addressing an issue. According to Major David Page of the New York State Park Police, "In order to assure the most appropriate and quick response, we encourage people to gather and record specific

HSBC Bank Supports Greenway

Christmas came a week early for the Friends last December with a generous donation from HSBC Bank. The \$5,000 donation will allow the Friends to produce a long awaited and much needed Greenway brochure. A colorful, attractive publication containing an easy to use map of the entire Greenway Trail is planned. This brochure will be distributed in response to information requests and made available at tourism centers, Chambers of Commerce and local businesses.

Robert A. Boyd, Senior Vice President at HSBC Bank USA, presented the \$5,000 check to Joan Schumaker and Edward Holmes, Friends Board Members, at the HSBC Avon Branch Office. In discussing the Genesee Valley Greenway, Mr. Boyd related some first hand experiences that emphasize the importance of this project. "My family and I have explored sections of the Greenway in and around Rochester and have been both surprised and pleased by the scenic vistas and beauty we discovered. However, the lack of a good trail map was most frustrating."

The Greenway has received some important exposure as a result of its inclusion in the Finger Lakes Travel Guide and being listed as one of New York's Top Trails in the nationally distributed *Official Rails to Trails Conservancy Guidebook: New York*. When people call asking about which sections of the trail are open and where to park, stay, or eat, all we can offer are three black and white maps which are not that informative and are cumbersome to use on the trail.

In addition to a trail map, the brochure will contain information about the Greenway Trail and the Friends of the Greenway organization. Since the trail is 90 miles long, details on where to stay or eat will need to wait for the publication of a trail guide. In light of the overwhelming research linking increased physical activity with improved health, we especially want to appeal to and encourage use of the Greenway by those persons who might not think of themselves as exercise or recreational activity enthusiasts.

The Friends had hoped to make this new brochure available in summer 2004. Unfortunately publication has been delayed until late this year with distribution in 2005.

FOGVG Annual Meeting - November 7, 2004 Program: "Canyon Light" - The Nature of Letchworth Park

The Friends of the Genesee Valley Greenway will hold their Annual meeting on Sunday, November 7 at the Conference Center in Letchworth State Park. To reach the Conference Center turn at the large veteran's memorial monument where you will find Caroline's Cottage and signs for the South Maintenance Building. The left fork will take you to the maintenance building and signs for the Conference Center which is beyond that complex.

Before the meeting, Letchworth State Park Naturalist and Friends member Stephanie Spittal will be leading a walk to the Erie Reservoir and old arboretum. The reservoir was used as water supply for the steam trains and the arboretum was a dream of William Prior Letchworth. The walk starts from the Conference Center at 2 p.m.

At 4 p.m., **Ray Minnick** will present "**Canyon Light**", a 45 minute multimedia color slide presentation celebrating the natural wonders of the "Grand Canyon of the East," the gorge of the Genesee River in Letchworth State Park. Part I, "Seasons," shows dynamic images of forest, water, wildflowers and wildlife. Part II, "Canyon, River and Light," captures the song and spirit of the Letchworth canyon with award winning scenic photographs - Nature's art, painted with light. Accompanied by dramatic background music, "CANYON LIGHT" is a personal experience in nature appreciation. Ray is a self taught Outdoor/Nature photographer who lives in Castile and photographs in the Genesee Valley. His photographs have appeared in and on covers of magazines such as *Adirondack Life Country Journal*, *American Forest*, *New York State Conservationist*, *Genesee Country* and *American Agriculturist*. His work has also been published in travel and corporate brochures, catalogs and calendars.

After the program, FOGVG will hold a brief business meeting and election of Board of Directors. At about 5:30 p.m. we will have our traditional delicious dish to pass supper. Please bring a dish to pass and your own table service. Beverages will be supplied.

The public is invited to attend all the day's activities.

Six New FOGVG Board Members

New members, Douglas Best, Richard DeSarra, John Holtz , Carol Gibson-Farley, Raymond Valeri and Charles Struble joined the Board of Directors for the Friends of Genesee Valley Greenway, Inc. in 2004. These new members bring enthusiasm and expertise to the Board that will be most valuable in guiding the direction and development of the Genesee Valley Greenway.

Douglas “Doug” Best is a retiree from the New York State Department of Environmental Conservation. Doug was Real Property Supervisor at the Region 8 (Avon) Headquarters of DEC. His experience with land acquisition and easements, along with his knowledge of the workings of DEC (a partner group with the development of the Greenway) will be invaluable. A resident of Lima, Doug also believes his interest in the outdoors, photography and hiking will prove beneficial in his service on the Board.

Richard DeSarra retired from Rochester Gas & Electric Corp this year where he served as a Senior Administrative Analyst and was awarded the Paul W. Briggs Community Service Award for volunteer work with the National Multiple Sclerosis Upstate New York Chapter. Prior to joining RG&E in 1996, Richard founded and operated a sporting goods retail store for seventeen years and worked as Accounting Manager for a transportation company. Since 1990, Richard has been a most active volunteer for not-for-profits both in the Rochester area and at the state level. He has served as board member, officer, chairperson and event coordinator for organizations such as the Rochester Bicycling Club, New York Bicycle Coalition, MS Society, Friends of the Genesee Riverway Trail, and Genesee Transportation Council. Richard’s vast experience in the not-for-profit world and his expertise in event coordination will be most welcome on the FOGVG Board.

John Holtz , a Scottsville resident, recently moved from W. Henrietta. John is a process consultant in quality and environmental management systems and has spent 30 years in organizational leadership in for-profit and not-for-profit

organizations. He additionally has considerable experience in strategic planning which will be an asset as a member of the Board. John’s experience with the Adirondack Mountain Club, ranging from trail work to being Chairman of the Genesee Valley Chapter of ADK, will also be most valuable. In addition, he has walked and bicycled the entire length of the Genesee Valley Greenway.

Carol Gibson-Farley resides in Mt. Morris adjacent to the Greenway and joins the Board as the local Mt. Morris Greenway Committee Chair. She works for Catholic Charities of Livingston County coordinating the Wheels for Work Program. Carol is affiliated with the Mt. Morris Chamber of Commerce and three snowmobile clubs located in Livingston, Monroe and Wyoming counties. In addition to being an avid snowmobiler, she enjoys bicycling, hiking, boating and camping. Her interest in the outdoors and ability to work with and coordinate volunteers will prove invaluable as a member of the Board.

Raymond Valeri brings extensive leadership experience to the Board, having served ten years as an Officer in the United States Army followed by ten years of teaching middle and secondary social studies in Wellsville and Olean. Raymond also has education administrative experience in pre kindergarten. A resident of Olean, he enjoys many outdoor sports including track and bicycling.

Charles “Chuck” Struble has organized a local Greenway committee in Hinsdale and joins the Board as the Hinsdale Chair. Chuck is a Mental Health Therapist with the Health Department of the Seneca Nation of Indians. He enjoys organized sports and has coached football and track from youth groups to college level. Chuck’s involvement with the Genesee Valley Greenway stems from an interest in a wide variety of outdoor activities including hiking, bicycling, and cross country skiing along with a belief in the positive social and economic impact of a well developed trail system, not only in our local area, but throughout the Northeast.

Volunteer Picnic— October 3 at Letchworth State Park Parade Grounds

The FOGVG Board held their Second Annual Genesee Valley Greenway Volunteer Recognition Picnic at the Parade Grounds Shelter, Letchworth State Park. Gerald Kunselman, Letchworth State Park Engineer, provided a guided walk on the planned Greenway Trail detour around the gorge slide area. Thirty attendees enjoyed a picnic supper, followed by a time of recognition and thanks.

About 45 volunteers enjoyed the first picnic at the Parade Grounds in September 2003

Geneseo Kiwanis Installs Milemarkers on Greenway

The Genesee Valley Greenway continues to benefit from successful community partnerships with the October 2003 contribution of ten mile markers by the Geneseo Kiwanis Club. The five feet tall white oak posts were fabricated and installed by club members at miles 21 to 30 along the Greenway trail in the Livingston County towns of York and Leicester. The mile markers are a valuable addition to the Greenway as they provide a means for trail users to identify their location in relation to Greenway maps as well as calculate the distance they have traveled. They are especially important for identifying location in case of an emergency.

The Greenway partners chose the design to resemble the few remaining Pennsylvania Railroad era mile markers that still exist along the former railbed that is now the Genesee Valley Greenway. Fabrication of the markers was a multi-step process for the Kiwanis Club. Members first obtained ten massive oak posts the size of railroad ties from Trathen Logging of York. Half of the posts were donated by Trathen. Club member Mark Ricotta then donated more than 40 hours to trim the posts to form a pyramid-shaped top, stain them white, and rout and paint the mile numbers on two sides using materials donated by Geneseo Lumber.

efforts of Eagle Scout Jamie Pike of Caledonia.

This is the second contribution that the Geneseo Kiwanis Club made to the Greenway in 2003. In April, the club worked with the York Central School Environmental Awareness Society and SUNY Geneseo Circle K members to remove a very large, old pile of metal debris along the Greenway in the Town of York.

“It was a perfect day for us --- perfect weather, perfect teamwork, and excellent equipment that did all we expected and more,” commented Geneseo Kiwanis Club President Dwight Folts. “In the process of completing the installation of the ten mile markers, a number of Kiwanians who had never been on the Greenway before

between Fowlerville Road and Cuyerville discovered the beauty and serenity that can be found there. Of particular interest was the large pond just north of Cuyerville. Most had lived in the area all their lives and had never known of its existence or beauty.”

“We appreciate the significant contribution of time and materials that the Geneseo Kiwanis has made to the Genesee Valley Greenway this year. Their efforts are a model for the type of community partnerships that are so beneficial to the Genesee Valley Greenway’s success,” commented Friends of the Genesee Valley Greenway past president Rod Carpenter.

“We appreciate the significant contribution of time and materials that the Geneseo Kiwanis has made to the Genesee Valley Greenway this year. Their efforts are a model for the type of community partnerships that are so beneficial to the Genesee Valley Greenway’s success,” commented Friends of the Genesee Valley Greenway past president Rod Carpenter.

Because of their size and weight, transport and installation of the markers was a demanding job for the nine club members working on the project, but Mark Ricotta of M&R Automotive of Geneseo donated his flatbed, tractor and power auger to make the job much easier. The recently installed markers are part of a continuing effort, led by the Friends of the Genesee Valley Greenway, to place markers along all sections of open Greenway trail. The first set of markers, miles ten through twenty, were installed last year in Wheatland, Caledonia, and York through the

Friends Alter Membership Renewal Dates

In May 2004, members with renewals due in June 2004 or earlier, along with some past members, were sent renewal notices informing them that the Friends are moving to a system whereby all memberships are due in September of any year. Members renewing at that time received memberships through September 1, 2005. The FOGVG Board of Directors decided that having the same anniversary date for all members would greatly simplify records and reduce the work load involved. **Members with memberships expiring since June 2004 will soon receive renewal notices in the mail. We encourage all of you, including those who have yet to respond to the May mailing, to renew your support of the Friends and our efforts to make the Genesee Valley Greenway a success.**

It has been a year since the last newsletter and the following list includes all renewing and new members during that time. **We sincerely thank all those who have renewed their memberships and welcome new members who have joined us.**

New Members: Don Baird, Doug and Renee Best, Radford Brown, Michael Buskus, Wayne and Carol Farley, Judy Hendee, Paul Hayes, Ginni and John Jurkowski, Kathy McGowan, Edward J. Murphy, Elizabeth M. O'Mara, Steve and Sue Salerno, John and Cathy Skivington, David and Elizabeth Smith, Hans Strasser, Tania Werbizky and Brad Edmondson, Gerald and Carol Wildenberg,

Renewing Members: Ron and Mary Abraham and Jessica Thompson, Robb and Nancy Adams, Richard Ash, Marcia Ayers, William and Ruth Balderston, Harold Bauer, Joe Bauman, Eugene and Pamela Bavis, Henry Baxter, Neil Bellenger, Howard Beye, Vicki and Glenn Bodman, Hugh Brantley, Thomas Burkman Family, Vincent Burroughs, Kevin Butler, Jim and Mary Chest, Carl and Sonya Christensen, John and Carolyn DeHority, Ronald and Judith Cicoria, Robert and Mary Daniel Cooper, Gary and Shirley Cox, Albert and Sybil Craig, Tony D'imperio and Louise Michaud, William and Lois Davis, Dick and Barb DeMay, Cheryl Dunn, Jamie Dynarski, Robert and Patricia Edwards, Reed English, Steve Evans, Donald Fernberg, Anne Fischer and Bill Goebel, Paul and Gay Frame, Paul and Vicky Gaeta, Malcolm and Marjorie Galton, Ralph Garnish, Genesee Valley Hiking Club, Mark Getzin, Coleridge and Carol Gill, George and Fran Gotcsik, Anna Gunther, Dr. and Mrs. Robert Hayes, Ronald and Ellen Herzman, Hollinger Family, Ned and Louise Holmes, Peter and Sally Humphrey, Marc Jacobs, Marilyn and Bob Kaiser, Jo Kirk and Chuch Strickland, Keith and Judith Kroon, Quentin and Libby Llop, Brian and Karen Managan, Patricia Martin, Donald McCowan, James McMaster, David McNitt, Anthony Mittiga, Al and Sue Myers, Davies Nagel, Lakeland Rovers, Little Beards Club, Bruce Oliver, Don and Barb Phillips, Robert and Nancy Pierson, Pete and Sue Piraino Family, Joe Regal, Ruth Reid, Elizabeth Rice, Joyce Rikert and Auraham Michaeli, Peggy Rosenthal, Gary Rouleau, Joan Schumaker, Larry and Joy Seaman, Jay and Laurie Sharman, George and Kathryn Shaw, Steven Singer, Stephanie Spittal, John and Ger Stanton, Ann Marie Stockslader, David and Grace Strong, Irene Szabo, Jim and Pat Tindale, Mary Beth and Lawrence Tyndall, Stoddard Vail, Vera Versteeg and Lawrence Jones, John Vitale, Mary Innes Wagner, James, Diane, Gregory, Nadeen and Kevin Walsh, Dave and Kathy Wells, Bill White, Judy White, Robert Wood, Charles Woolever, Greg Wysocki, Frank Zwemer and Laura Brewer

12th Annual Ridgewalk & Run— Sunday, October 17th—Wellsville, NY

Spectacular trail walks or competitive runs, all showcasing the stunning fall beauty along the highest ridge in western New York. Offers walking distances of 6,9, or 14 miles or a casual 2 mile road walk. Benefits Allegany Co. United Way and Wellsville Area Chamber of Commerce. Pre-registration only. Entry cap 900. See www.ridgewalk.com or call 585-593-5080

Membership

Our Key to Success

Your support of FOGVG makes it possible for us to grow as an organization and offer substantial and meaningful contributions to the Greenway partnership and development effort. A strong level of public support, as evidenced by a dedicated and growing membership, is vital to our success. If you're not already, consider becoming a Friend of the Genesee Valley Greenway!

GREENWAY EVENTS SCHEDULE

Sunday, October 3 - FOGVG Volunteer Picnic, Letchworth Park Parade Grounds Shelter.
 See Page 4

3:00 PM Guided walk along planned trail detour around slide area in Park.
 5:00 PM Picnic supper, recognition and thanks.

Sunday, November 7 - FOGVG Annual Meeting, Letchworth State Park Conference Center.
 See Page 3

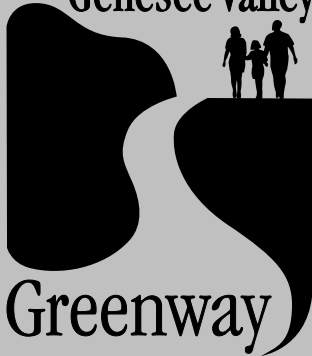

2:00 PM Guided Walk to Erie Reservoir
 4:00 PM Program: "Canyon Light" - The Nature of Letchworth
 5:00 PM Annual Meeting
 5:30 PM Dish to Pass Dinner

Friday, November 26 – 10:00 AM Guided Walk - 5 mile loop from dam through County Park to Greenway and back: guided walk for up to 4 hours, a few gentle hills, mostly easy, featuring fabulous trees, history, geology, and gorge overlooks. Bring lunch, water.

Thursday, December 2 - 10:00AM Livingston County Park Forest Walk- Livingston County's most beautiful secret: guided walk through the forested county park and wonderful old trees among historic county buildings in what used to be the Tuberculosis Sanitarium. Easy - paved walkways, some woodland paths, slight hills.

Wednesday, December 8—10:00 AM Mt.Morris Dam, County Park, Greenway Walk.
 repeat of 26 Nov.

continued from page 2

crossings in Fillmore to aid DEC Forest Rangers in enforcing ATV laws. The crew also installed a ramp at Dugway Road where the trail grade exceeded the 5% maximum allowed under the Americans with Disabilities Act.

Belfast-Caneadea: The DEC Region 9 crew has cleared the trail between Belfast and Oramel, using a chipper to dispose of the vegetation. They installed wire fencing along the property line at two locations where encroachment issues existed. Eight more pairs of gates have been installed, and additional gates are currently being built. The crew installed ramps at Lake Road and Hughes Street, where the trail grade exceeded 5%. They trimmed overhanging limbs and mowed along the previously cleared sections of the trail as well.

DEC and New York State DOT will be working together on a project to stabilize a section of Crawford Creek that is threatening both the Greenway and Route 19 near Oramel. Region 9 Real Property staff have already monumented the Greenway boundary in the project area.

At Rockville Lake, cottage owners have cleared a path along the dam and lake inlet, which provides a connection around the lake outlet until a box culvert can be installed to carry the trail across the outlet.

New Hudson: The DEC Region 9 crew dealt with several beaver flooding problems between Route 305 and Tibbetts Hill Road. The crew also raked ballast out of the trail north of Tibbetts Hill Road where it borders the former Conrail bed.

Hinsdale: Region 9 Real Property staff will be surveying the Hinsdale section of the Greenway this fall. Once the boundaries are monumented, the Hinsdale volunteers can start working on the one-mile section north of Old Route 16, which contains the remains of Locks 100 and 101.
